

Mobile Application development

Assignment#2

Instructions

- You will be submitting Github link for your application.
- Marks out of 20.
- Late submissions will be penalized by 20% per day.

Submissions

Github link

Tasks

- Create an app of your choice as a topic that uses the following:
 - 1- A menu that can switch several actions [At least 2 options].
 - 2- A Fragment that can be either a Fragment or DialogFragment [at least one of them].
 - 3- A couple of controls/views such as Buttons, TextViews, EditText, Spinner, Radio.

Grading Scheme:

- 5 marks for UI.
- 5 marks for working Menu.
- 5 marks for working Fragment [must be accessible(seen)].
- 5 marks for creativity and overall quality.
-

Any similarities will result in a penalty and a score of **zero out of 20**.
